CONFESSION RUMORED IN NAVAL STORES CASE

Attorney General Orders Indictment Against George M. Boardman Not-Processed.

Savannah, Ga., May 19.—For some time there have been rumors in Savannah that one of the defendants in the federal court case against the American Naval Stores company officials had made a confession and would be used as a witness by the government when the case is heard again. It developed this morning that the indictment against George M. Boardman, the Jacksonville representative of the alleged trust, had been ordered not-processed by the attorney general.

The order to this effect is now a part of the record of the case. District Attorney Boardman stated that the ends of justice could best be met by not-processing the case against Mr. Boardman, but he declined to say whether he will use him as a witness on Monday, when the case comes up for trial.

Eighty Years of Faithful Service to the American Public

The Mitchell-Lewis Motor Company has the enviable record of eighty years of faithful service to the American public. Bear this fact in mind when you get ready to buy a car, for it operates as insurance of quality.

No thoughtful business man ever buys a car, or a house, or a factory without looking into the character of the men who make it. This rule of trade is more imperative in the purchase of an automobile than almost anything else you can name.

Eighty years of faithful service is an asset of no uncertain value. This company held the respect of the early settlers of the western country because of absolutely honest merchandise in the shape of farm wagons. It established its standing before automobiles were known. When it embarked in the automobile business, it clung to the policy that made its farm wagon business famous. And its automobiles are famous, for the same satisfying reason.

You've got something behind you when you buy. Our standing and prestige constitute a *factor of safety*. Add to this the remarkably fine character of the Mitchell Models and your purchase is as solid as the Rock of Gibraltar. Ask any farmer in America what he thinks of the old Mitchell-Lewis Motor Company. Ask any one of thirty thousand Mitchell automobile owners what he thinks of the Mitchell-Lewis Motor Company. Their reputation and reliability will prove the point.

Mrs. Alice Stackpole Is Awarded Alimony Of \$100 by Pendleton

Judge John T. Pendleton, Tuesday, awarded alimony of \$100 a month to Mrs. Alice Stackpole, wife of the late ex-resident of the Georgian Terrace and familiar figure in society, who died here last week. Mrs. Stackpole is connected in an executive position with the Georgia Carolina Insurance company. He is an associate of Mrs. Stackpole of equivalent fortune—\$20,000 of which she alleged had been borrowed by Stackpole from her mother. She asserted that her husband had contributed to her support for the past two years. She declared her earning capacity to be \$2,000 annually, and pleaded for alimony of \$100 monthly on the ground that this amount was essential to her proper support. Mrs. Stackpole's attorney, Young H. Pease, said Tuesday afternoon that he had not determined whether or not to bring divorce proceedings and make alimony permanent. The Stackpoles were married in November, 1906. Mrs. Stackpole avers that she was abandoned in May, 1912, and declared that at the time of her marriage she possessed \$25,000, which was in her mother's hands. Stackpole, she alleges, subsequently borrowed \$17,000 of the amount, which he squandered. Mrs. Stackpole now resides with her mother in Potomac, Long Island, New York.

OUTLOOK FOR CROPS IS NOT FLATTERING

Commissioner of Agriculture James D. Price will issue this week a bulletin on the crop conditions of the entire state for which report he has been gathering data during the last several weeks. "The report," he says, "is an afraid will not show a very flattering outlook for the crops of this year, this being the cold and wet weather that has prevailed for some time. It is for the economic good of the state that these facts be made known at once. A false expectation of a bumper crop would lead only to lowering in prices for farm products and extravagance which would be felt by the farmers next fall."

2 CRITICALLY INJURED IN FREE-FOR-ALL FIGHT

Deaths Are Narrowly Averted After Small Riot at Tallapoosa Church.

Buchanan, Ga., May 19.—(Special.)—In a rough and tumble fight at Tallapoosa church, 3 miles north of Buchanan, Sunday, six men and boys were injured, two of whom are still in a very serious condition.

It seems that liquor was the main cause of the fight. John McDonald, a young man about 19 years of age, it is said, was the principal figure in the mix-up. The real cause of the fight, except the liquor feature, if there was any other cause, has been kept hidden.

Several warrants have been sworn out for the principal actors in the row.

We particularly want you to see our present display of the famous Chickering Pianos and to learn how these instruments may be bought on a liberal payment plan.

If you are unable to come to the store let us send you Art Catalog—free on request.

PIEDMONT CHAPTER PRESENTS FLAG TO PEEPLES ST. SCHOOL

An interesting occasion of Monday was the presentation of a handsome United States flag to the Peoples Street school by the Piedmont Continental chapter, of which Mrs. A. H. Albright is regent, and who presided.

The presentation took place in Howell park, which is opposite the school building.

The first speech was by Rev. Dr. Dunbar Ogden, who spoke on the peace movement. He was followed by Mrs. Richard P. Brooks, of Forsyth, former regent of the Piedmont Continental chapter, and present state A. R. chairman, who, in a charming address, presented the flag to the school. It was accepted in behalf of the school by Superintendent Stinson and Miss Ruby Brown, principal of the Peoples Street school, both of whom highly complimented Mrs. Brooks on her address.

W. S. Neal Badly Hurt When His Motorcycle Strikes Motor Truck

W. S. Neal, a clerk at the Texas Oil company, ran into a motor truck last night about 8 o'clock on his motorcycle, and in addition to breaking his collar bone, sustained serious injuries about the head and body. His motorcycle was completely demolished.

Neal was coasting down grade on Georgia avenue, near Conley street. A motor truck in front of him was also coasting, and Neal struck the wheel to the left to pass it. As he did the truck also turned to the left as if to turn around, and Neal struck it almost broadside. He was rushed to the Grady hospital in an ambulance.

Neal was unconscious when he arrived at the hospital, but later declaring he did not signal the truck and that he rode too close to the wheels. It is probable that several of Neal's ribs were broken also.

Sandwich, England, May 12. Prase Hale, of Chicago, was the only American to suffer defeat today in the second round of the 1000 yard handicap and team golf championship. Charles Webb, of London, defeated J. H. Taylor, of Toledo, and Arthur G. Lockwood, Belmont Springs, Mass., defeated their opponent.

As Francis Gilmert, Woodland Golf club champion, and Frederick Herreshoff, of New York, did not compete today, there were no American winners. The American entrants to continue to-

There will be no karamisation price, and the public is cordially invited to attend the game.

Hale was put-out by Ivo Whitton, the Australian champion, who played a most faultless golf.

"Chick" Evans met a high-class player in Carl Bretherton, of Leeds, but, playing with steadiness and imperturbability, with not even the least tremor of a hole through the intrusion of spectators, won the match by two-up and one to play.

ture. If the mere printing of a name meant a candidate, then would The Constitution have cause to feel gratified to the interest so far manifested. But among the hundred of names that have come to this office during the past ten days, there are very few active contestants, judging by results already

accomplished.

The field as yet presents a very barren appearance, no fact of action is concerned. Little effort is being made in any section of the state and contiguous territory, notwithstanding the fact that the prizes offered by the institution aggregate a greater value by far than any other contest ever announced in this section of the country. Taking this into consideration, with the fact that every energetic candidate who enters the contest must be one of the listed prizes or a cash prize of \$100.

LIFE OF NEWEST RULER THREATENED BY REBELS

on board an Austrian warship. He was threatened by the increasing hostility of Essad Pasha, formerly Turkish minister of war, and by the intrigues of members of the Albanian ministry. Essad Pasha was arrested today and taken to the coast guard station. Allegedly on board an Austrian warship. Several sections of the people refuse to join the army, and the government has established by the European powers at the conclusion of the Balkan war that the Albanian ruler shall not be Vienna, May 19.—A serious attitude has arisen in Albania, where the life of the ruler, Prince William, has been endangered. Prince William has dispatched to The New Free Press, London, a special messenger, Prince William Monday and tendered to him a letter from Prince William. Essad Pasha had 500 adherents in his army, and 500 in Durazzo. This morning he was shot at by a self firing the first shot against the ruler.

The prince appealed to the command of the army, and the army commander landed detachments, and set up a house, he was in front of Essad Pasha's house. He asked permission to be allowed to go into the house, and he was refused, and he was arrested and taken to the coast guard station.

According to other reports, Prince William a fortnight ago discovered ac-

him ordered him to disarm his bodyguards. "I was the only one who was left," upon the Albania gendarmier, commanded by Dutch officers, attacked the Albanian residence. He was then turned him over to the Austrian command.

Five hundred men from the Austrian and Italian warships are guarding the prince's palace.
